

Deploy AutoElevate through Intune

- 1 Navigate to <https://intune.microsoft.com/?ref=AdminCenter#home>

- 2 Click "Apps"

3 Click "Windows"

The screenshot shows the Microsoft Intune Admin Center interface. On the left is a navigation pane with options like Dashboard, All services, Devices, Apps, Endpoint security, Reports, Users, Groups, Tenant administration, and Troubleshooting + support. The main area is titled 'Apps | Overview'. It features a search bar, an 'Overview' tab, and a 'By platform' section where 'Windows' is highlighted with an orange circle. Other platforms listed are iOS/iPadOS, macOS, and Android. Below 'By platform' is a 'Policy' section with options for App protection policies, App configuration policies, and iOS app provisioning profiles. On the right, there's a summary card for 'Microsoft Intune recommends managing Microsoft 365 Apps', showing tenant details (vergencegroup.com, North America 0801) and tabs for 'Installation status' and 'App protection policy status'. The 'Installation status' tab shows 'Top installation failures by devices' with a scrollable list of 'No applications'.

4 Click Add

The screenshot shows the 'Windows | Windows apps' page in the Microsoft Intune Admin Center. The breadcrumb trail is 'Home > Apps | Windows >'. The page title is 'Windows | Windows apps'. Below the title is a search bar and a '+ Add' button, which is highlighted with an orange circle. To the right of the '+ Add' button are icons for Refresh, Filter, Export, and Columns. Below these icons, it says 'Filters applied: Platform, App type'. There is a search bar labeled 'Search by name or publisher'. Below that is a table with columns 'Name' and 'Type'. The table currently shows 'No applications found'.

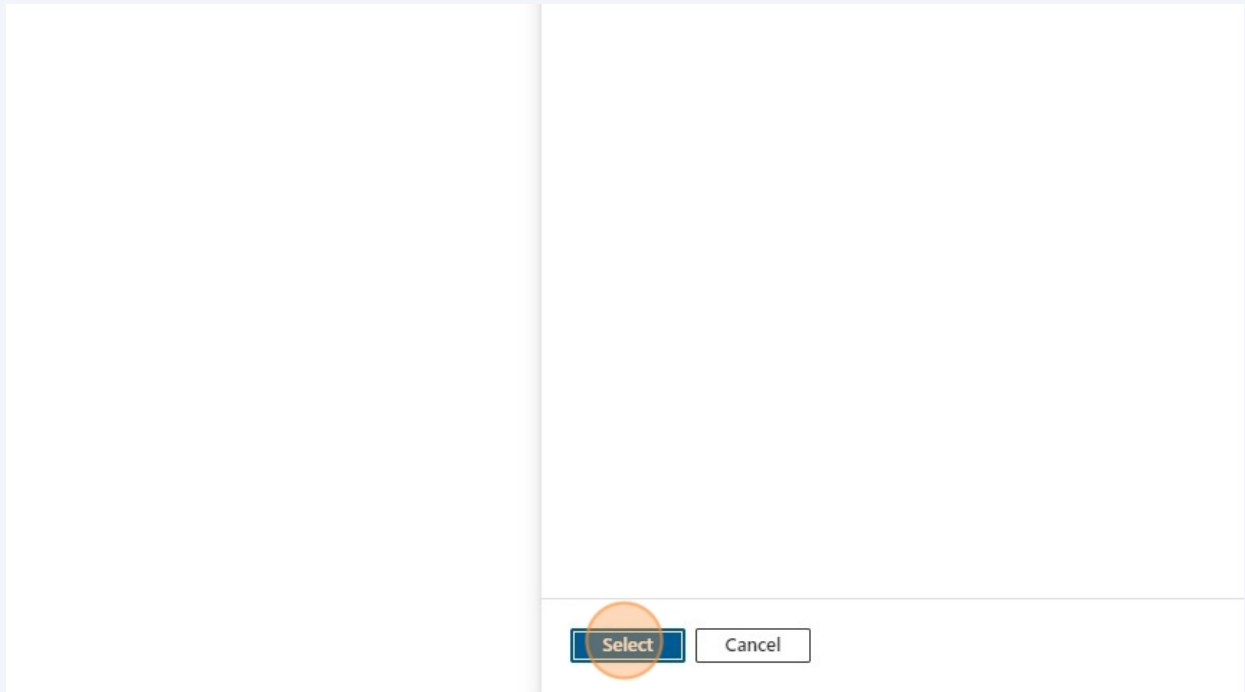

5 Click "Select app type"

The screenshot shows a web application interface with a dark header bar. On the right side of the header, there are icons for a bell, settings, help, and a user profile, along with the email 'Init@vergencegroup.com' and the company name 'VERGENCE'. The main content area is divided into two panels. The left panel is a sidebar with a table containing a header 'Version' and several empty rows. The right panel is titled 'Select app type' and has a subtitle 'Create app'. It features a dropdown menu labeled 'App type' with the text 'Select app type' and a downward arrow. An orange circle highlights the dropdown menu.

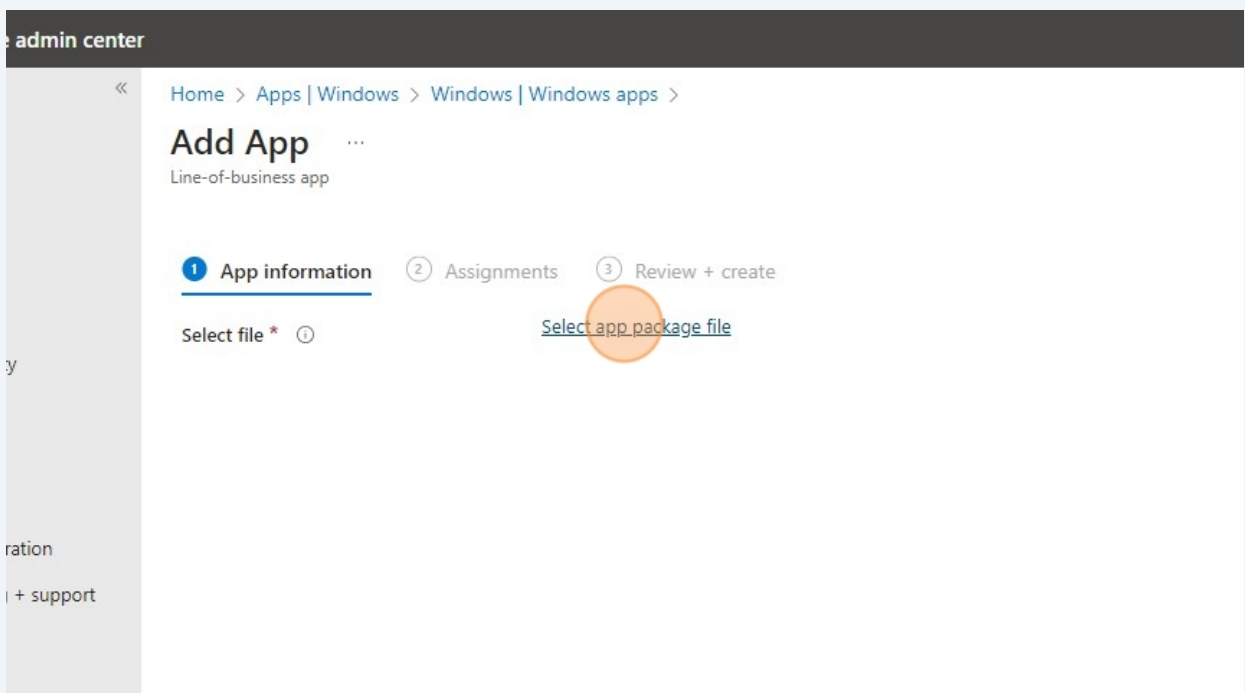

6 Click "Line-of-business app"

This screenshot shows the same 'Select app type' dialog box as in the previous step, but with the dropdown menu open. The menu lists several options: 'Windows 10 and later', 'Microsoft Edge, version 77 and later', 'Windows 10 and later', 'Web Application', 'Windows web link', 'Other', 'Web link', 'Line-of-business app', and 'Windows app (Win32)'. The 'Line-of-business app' option is highlighted with a grey background and an orange circle, indicating it is the selected option.

7 Click "Select"

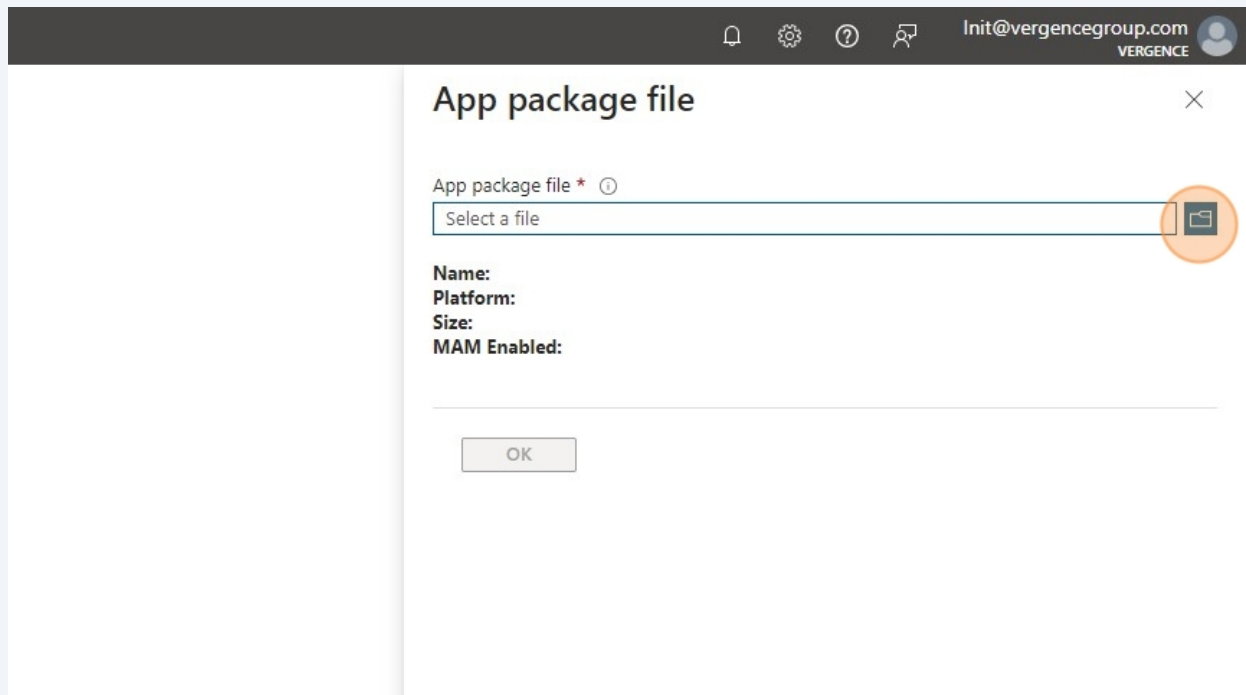

8 Click "Select app package file"

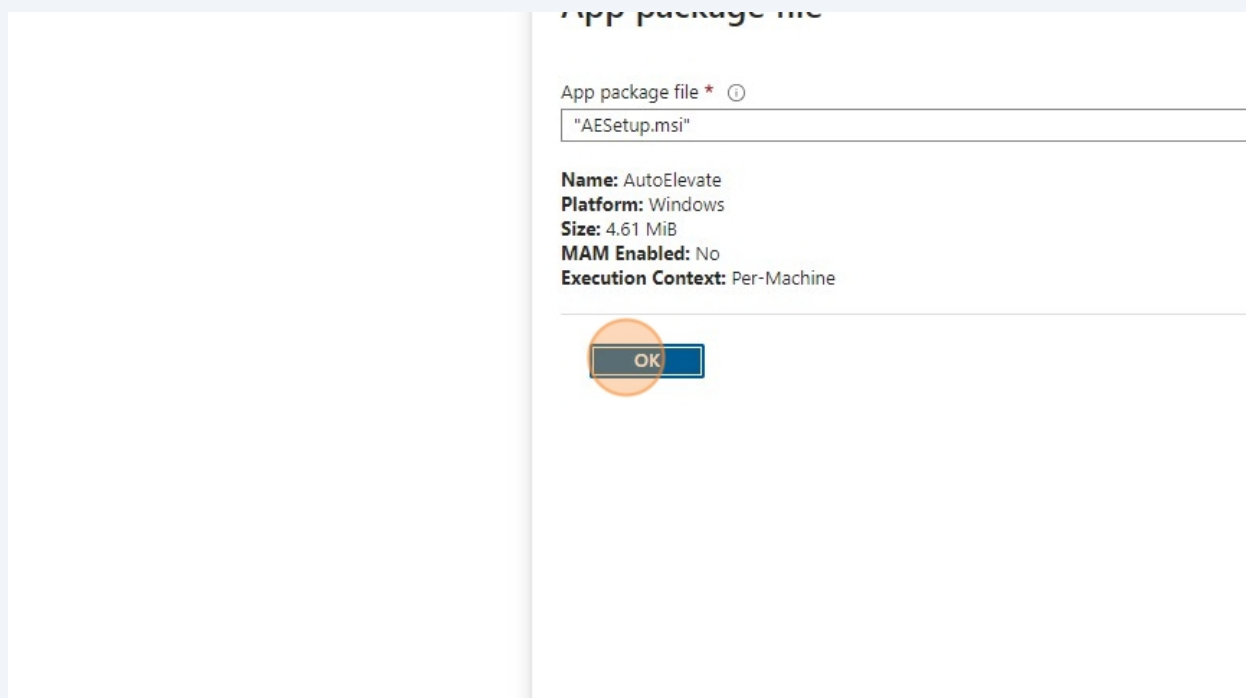

9

Click the folder button and select the MSI file downloaded from CyberFox

10

Click ok

11 Click the "Publisher" field.

The screenshot shows the Windows Installer Control Panel for a file named 'AESetup.msi'. The left sidebar contains a tree view with categories: 'security', 'administration', and 'troubleshooting + support'. The main area displays the following fields:

- Select file *** (with an information icon): AESetup.msi
- Name *** (with an information icon): AutoElevate
- Description *** (with an information icon): AutoElevate
- Publisher *** (with an information icon): CyberFox
- App install context** (with an information icon): User (selected), Device
- Ignore app version** (with an information icon): Yes, No (selected)
- Command-line arguments**: A text box containing a long string of characters and a command: "nN1bHRpbmciLCJpYXQiOjE1OTQyMTg0MTZ9.mVTKY2CwdLy7ODvrcFYsw2Zl6Tmd5_ALqq3rA_WM_zw" COMPANY_NAME="Vengeance" LOCATION_NAME="Office" AGENT_MODE="live"

The 'Publisher' field is highlighted with an orange circle. Below it, two error messages are displayed:

- ✗ The value must not be empty.
- ✗ The length of the publisher name should be between 2 and 1024 characters (inclusive)

12 Type "CyberFox"

13 Click the "Command-line arguments" field.

The screenshot shows the Windows Store app submission form. The 'Command-line arguments' field is highlighted with a blue border and an orange circle. The form includes the following fields and controls:

- Publisher *** (required): Text input field with placeholder 'Enter a publisher name'.
- App install context**: Radio buttons for 'User' and 'Device'.
- Ignore app version**: Radio buttons for 'Yes' and 'No' (selected).
- Command-line arguments**: Text input field, highlighted with a blue border and an orange circle.
- Category**: Dropdown menu showing '0 selected'.
- Show this as a featured app in the Company Portal**: Radio buttons for 'Yes' and 'No' (selected).
- Information URL**: Text input field with placeholder 'Enter a valid url'.
- Privacy URL**: Text input field with placeholder 'Enter a valid url'.
- Developer**: Text input field.

14 Type `/i /quiet LICENSE_KEY="[PASTE LICENSE KEY FROM AUTOELEVATE PORTAL]" COMPANY_NAME="[ENTER COMPANY NAME AS SHOWN IN PORTAL]" LOCATION_NAME="[ENTER LOCATION NAME AS SHOWN IN PORTAL]" AGENT_MODE="live"`

15 Click "Next"

The screenshot shows a setup screen with a light gray sidebar on the left. The main content area is white and contains a 'Logo' label with a help icon, a 'Select image' link, and a large empty box for the logo. At the bottom, there are two buttons: 'Previous' and 'Next'. The 'Next' button is highlighted with an orange circle.

16 Click "+ Add group"

The screenshot shows the 'Groups' page in a device management interface. The left sidebar contains links for 'Reports', 'Users', 'Groups', 'Tenant administration', and 'Troubleshooting + support'. The main content area has a header 'No assignments' and a '+ Add group' link, which is highlighted with an orange circle. Below this, there are two sections: 'Available for enrolled devices' and 'Uninstall', each with a table showing 'Group mode' and 'Group' columns, and a 'No assignments' row. At the bottom, there are links for '+ Add group', '+ Add all users', and '+ Add all devices'.

17 Select the group you are deploying to

Select

19 Click "Next"

A screenshot of a form interface. On the left is a vertical grey sidebar. The main area is white. At the bottom, there are two buttons: 'Previous' and 'Next'. The 'Next' button is highlighted with an orange circle.

20 Click "Create"

A screenshot of a form interface. On the left is a vertical grey sidebar. The main area is white and contains a table with the following content:

Group mode	Group	Filter mode	Filter
Required			
>	Available for enrolled devices		
Uninstall			

Below the table is a horizontal scrollbar. At the bottom of the form, there are two buttons: 'Previous' and 'Create'. The 'Create' button is highlighted with an orange circle.
