

# [EDIT] Add Workstations to CMMC Enclave in Azure Portal

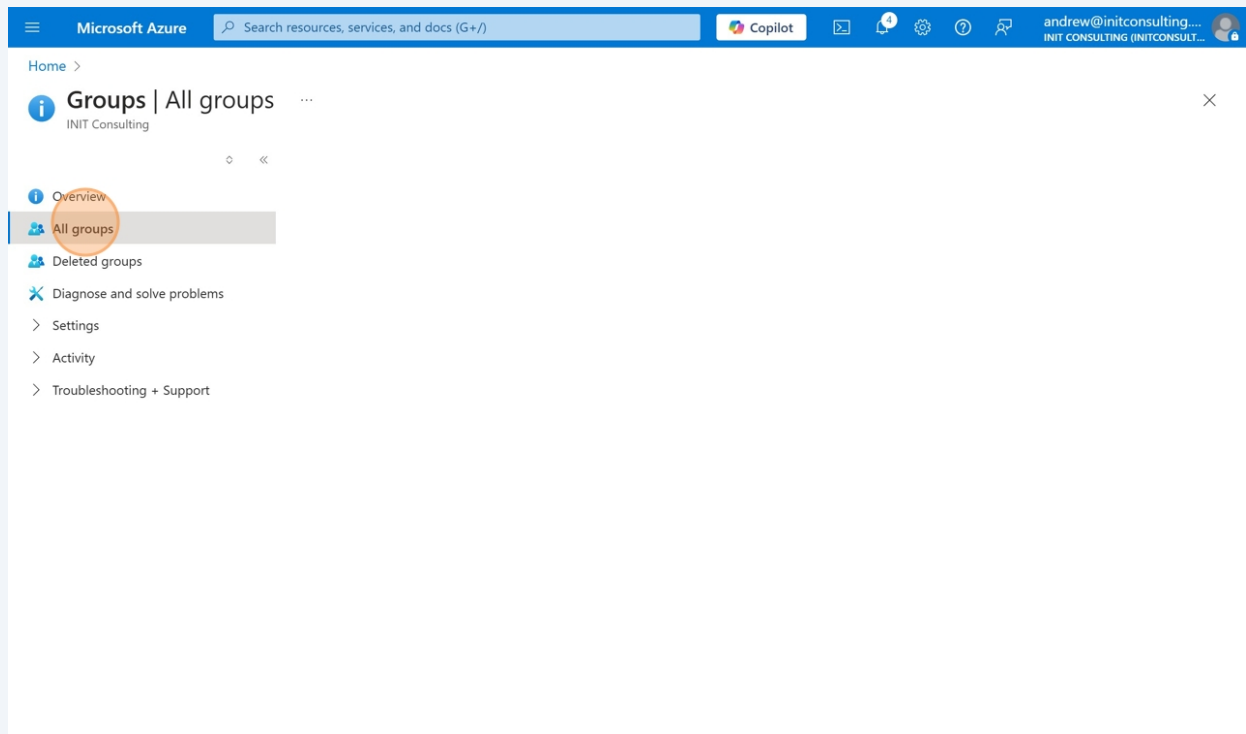

1 Navigate to <https://portal.azure.com/#home>

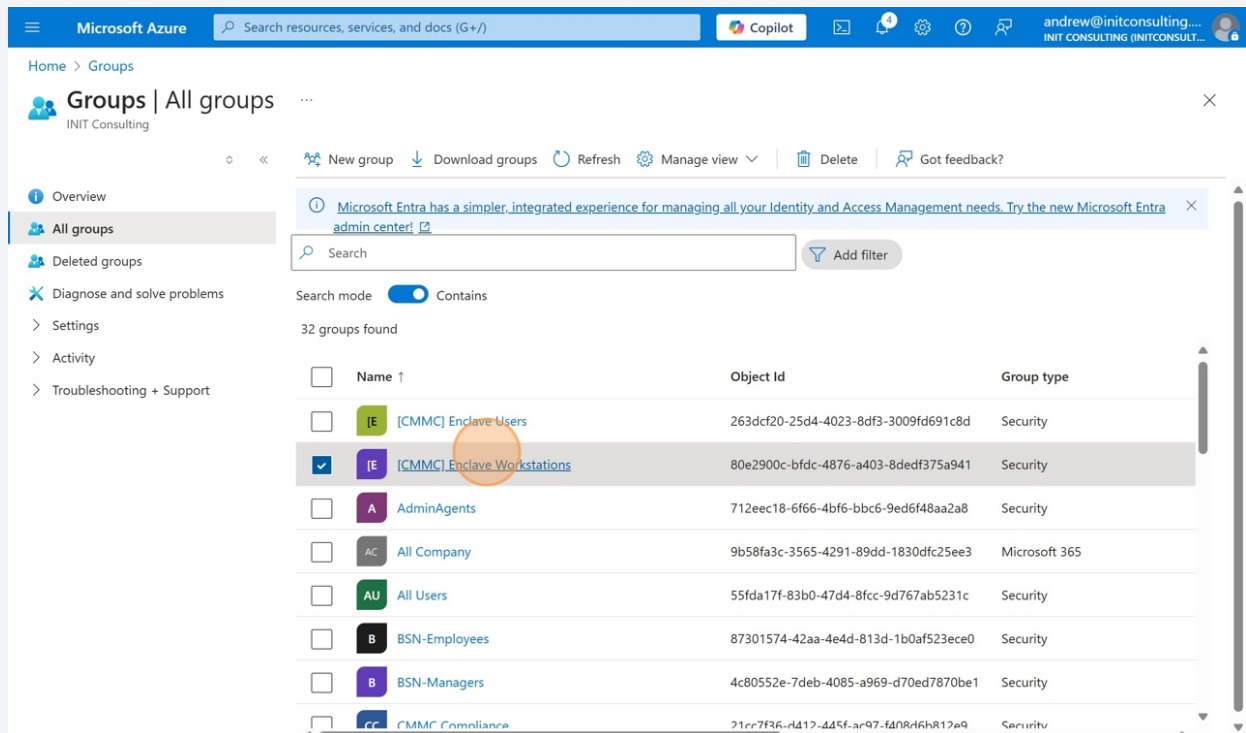

2 Click here.

The screenshot shows the Microsoft Azure portal home page. At the top is a blue header with the Microsoft Azure logo, a search bar, and a Copilot button. Below the header, there's a section for 'Azure services' with icons for 'Create a resource', 'Groups', 'Azure AI Foundry', 'Microsoft Sentinel', 'Monitor', 'Resource Manager', 'Microsoft Entra ID', 'Storage accounts', and 'Security Baselines'. A 'More services' link is also present. Below this is a 'Resources' section with tabs for 'Recent' and 'Favorite'. The 'Recent' tab is active, showing a table of resources. The table has three columns: 'Name', 'Type', and 'Last Viewed'. The resources listed are: 'andrew-4961' (Azure AI project, 2 months ago), 'AzureSub1' (Subscription, 10 months ago), 'SentinelLogs' (Log Analytics workspace, 10 months ago), 'Sentinel' (Resource group, 10 months ago), 'INIT\_Sentinel' (Workspace, 10 months ago), 'andrew\_ai' (Azure AI hub, 12 months ago), 'rg-andrew\_ai' (Resource group, 12 months ago), and 'INITVM-2' (Virtual machine, a year ago).

### 3 Click here.

### 4 Click "[CMMC] Enclave Workstations"

## 5 Click "Members"

## 9 Click "Select"

The screenshot shows the Microsoft Azure portal interface. The top navigation bar includes the Microsoft Azure logo, a search bar, and the user profile 'andrew@initconsulting...'. The left sidebar shows the navigation menu with options like Overview, Diagnose, Manage, Properties, Members, Owners, Roles, Admin, Groups, Applications, Licenses, Azure, Activity, and Troubleshooting. The main content area is titled 'Add members' and shows a search bar with '179 results found'. The 'Devices' tab is selected, displaying a table of devices. The device 'INIT-DHY6D6Y' is selected, and a 'Select' button is highlighted with an orange circle.
