

Add new user to ControlMap.

1 Navigate to the tenants Settings page

2 Click "Add user"

3 Enter e-mail address, full name, and role

4

Click "Invite"

The screenshot shows a user invitation form on a dark grey background. The form is a white box with several input fields and a purple 'Invite' button. The input fields are labeled 'Email', 'First Name', 'Last Name', 'Role Manager', 'Reference', and 'Password'. The 'Invite' button is highlighted with an orange circle. To the right of the form, there is a sidebar with a checkbox labeled 'Enable SAML 2.0 SSO.' and a button labeled 'Update settings'.
