Navigate to <https://security.microsoft.com/homepage?tid=9d74f21d-9a52-4880-bb25-13a0534d24a6>

## 2 Click "Settings"

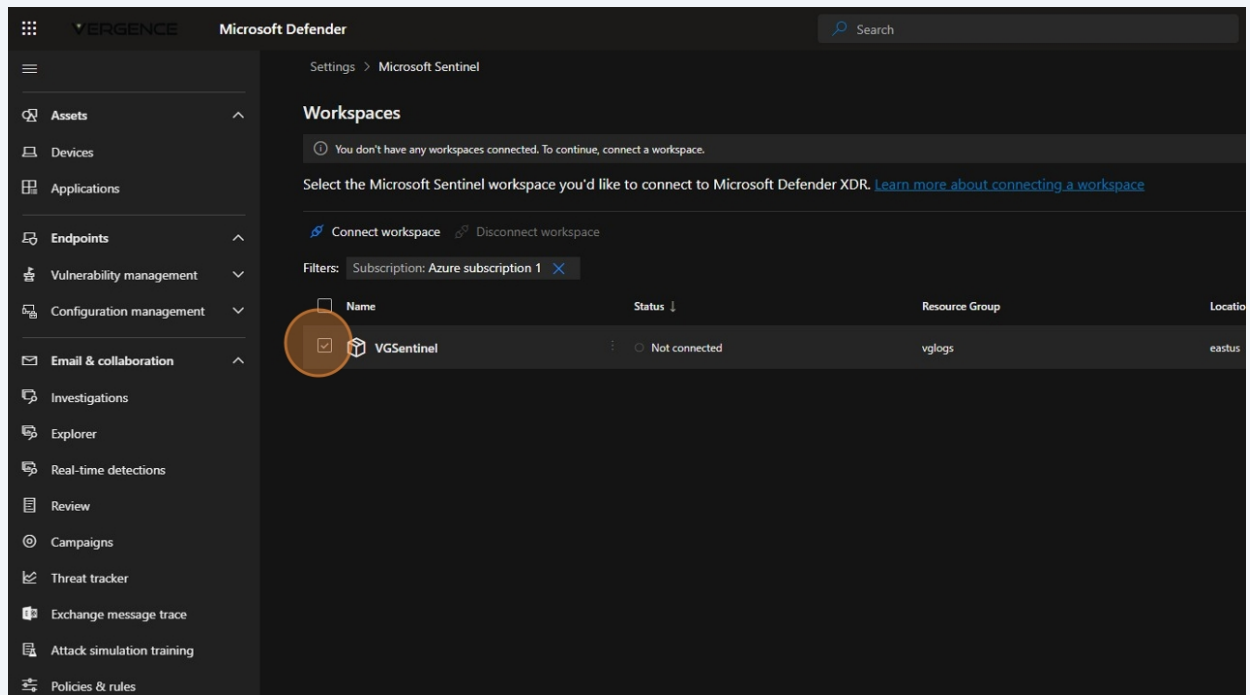

The screenshot shows the Microsoft Secure Score dashboard. The left sidebar contains a list of navigation items: Review, Campaigns, Threat tracker, Exchange message trace, Attack simulation training, Policies & rules, Cloud apps, Cloud discovery, Cloud app catalog, Governance log, Policies, Reports, Audit, Health, Permissions, **Settings** (highlighted with an orange circle), More resources, and Customize navigation. The main content area displays the 'Microsoft Secure Score' section with a score of 54.58% (632.6/1159 points achieved). Below this is a line chart showing the score trend from 02/06 to 05/05. To the right of the chart are buttons for 'Improve your score' and 'View history'. Further right is the 'ITDR Deployment Health' section, which includes a 'Defender for Identity Deployment' status, a 'License' section listing Defender for Identity, Entra ID Protection, Entra Workload Conditional Access, Entra User Conditional Access, and Entra Private Access, and a 'Quick installation guide' button. At the bottom, there are two sections: 'Users at risk' with the text 'Data isn't available' and 'Device compliance' with the text '50% noncompliant'.

## 3 Click "Microsoft Sentinel"
